

**VOLCANOES, WATERFALLS  
& RAFTING**

## WEEKEND OVERVIEW

If you're looking to explore Costa Rica before heading off to volunteer with sea turtles on a remote tropical island, then look no further! This four day three night trip will allow you to see some of Costa Rica's main attractions, including volcanoes, waterfalls, cloud forests, wildlife & birds, as well as go white water rafting! You will get to enjoy two full day guided tours and also have some free time to relax in the capital San Jose.

As part of one of the guided tours we will travel to the Central Valley region where Poas Volcano National Park is located. Poas Volcano is the largest active crater in the world and is a powerful symbol of the geothermal forces that formed Costa Rica many years ago. Everyone will get to admire the breath taking and gigantic crater that is active with sulphur fumaroles and if lucky, get to witness one of the geysers erupt – sending steam and water up to 250 metres in the air!

We will hike through the trails that lead you through one of the mysterious and famous cloud forests, with hummingbirds and quetzal flying around you. On top of this, we will continue along the mountainous route to one of the major attractions of the zone, La Paz Waterfalls & Gardens. Everyone will trek through the spectacular trails that lead to the viewpoints of the beautiful waterfalls and also enjoy the gardens.

The second guided tour will be a full day on the rapids, white water rafting down the Pacuare River! The 18-mile adventure filled run has 52 different rapids, with few rivers in the world offering so many! The river is not overly challenging and is perfect for beginners and seasoned rafters - fun is guaranteed!

The river is split into different sections that have a mixture of class II-III rapids that are known to be

some of the best in Costa Rica! Along the route you will be surrounded by beautiful lush green landscapes, pass by Huacas Waterfall (a 150 foot dramatic drop into the river) pass through a narrow gorge and also enjoy some wildlife along the river's edge.

You will have your evenings free to enjoy everything the capital San Jose has to offer! With many restaurants, bars and even downtown all within walking distance, there is plenty to choose and do.

You will head off on the guided tours with our local team's partner company and be accompanied by an experienced and English speaking guide. Depending on how large the group size is, you may join with other tourists to ensure there is a good social element.
